

Watchtower Queer Headcanons

Vivienne Goyal

February 7, 2026

I know a lot of characters were explicitly queer, this is mostly ones that *weren't* explicitly canon. I've only put the characters I had headcanons for; let me know if you think there are any glaring omissions.

Also yes this is L^AT_EX, don't judge me.

1 Watchers

Enigma Nonbinary lesbian. The inherent transness of choosing your own name and rejecting the one your abusive father-figure gave you.

Morgana Transfem Genderfluid. Got her egg cracked by seeing Jane basically shapeshift via disguises, and uses a receptacle purely because it's gender.

Sidney Stockton Arospec, acespec. Just based on vibes.

Marlow MacPhearson Gay, but transphobic.

Nicholas Aurora/Eyes Unseen Bicurious.

Jane Doe Genderfluid. Jane Doe's masks should be covered as gender-affirming care by insurance.

Larry Morton Homophobic

Tuhorn Gay. He's Gandalf-coded and Ian McKellen is gay

Lone Master Aroace. His estate is mostly just a giant bakery for making obscene amounts of garlic bread.

Barney Gay. He's into vintage fashion.

Whisperer Trans but in denial. The creepy cloak is just a dysphoria hoodie.

2 Minutemen

The Rat Furry. Obviously.

Breacher Trans, Ace. Trans because of all the name changes, ace just based on vibes.

Magpie Moneysexual

Phantom of the Disco Pan.

Grasshopper Trans. All cyborgs are trans.

3 Knights

Creel Trans woman. The reason she wears the helmet all the time is because of gender dysphoria.

Tracker Furry, aroace. He just gives "aroace bestie" vibes.

Tilda Clinton [REDACTED]

4 ChronoCo

AC-001x Nonbinary. Because robot.

Rachel Anderson Trans. Because robots.

Holly Holland Homophobic. Yes I know she's gay.

John TIME Multigender. So as to be maximally relatable to consumers of all genders.

Hurlabur Nonbinary aspec. He's the real reason frogs are a nonbinary meme. In a QPR with John Hannaly.

Simon Bastil See *Grasshopper*

5 Hemlock

Malakai Von Spatz Trans nonbinary. You can't have a name like Malakai Von Spatz and be cis.

Paradox Bigender. Because they're a pair o' docs.

Izzy Spatz Transgender (I don't care how). Dying and being reborn and changing your name mid-campaign is transgender.

Damien Pansexual transmasculine drag king. I do not need to elaborate.

Robo-Stalin Communist. Yes that counts because I say so.

6 Secondhand

Quaid French.

Piglet Lesbian, because portals are lesbian (citation: [https://en.wikipedia.org/wiki/Portal_\(series\)](https://en.wikipedia.org/wiki/Portal_(series)))

Riley Genderfluid. Having a receptacle makes you genderfluid, I don't make the rules.
